(signature and stamp)

This annex includes a general description of the legislation and sanctions related to the use of sensitive information by the members of the Board of Nominees of SC "Fondul Proprietatea" SA and explains certain procedures established by the company regarding sensitive information.

Every member of the Board of Nominees shall take act of the content of this annex and shall acknowledge the understanding of its responsibilities by signing it at the end, in the indicated place. Each member shall annually and continuously review and sign a copy of this memorandum, which can be periodically amended, serving as a memento.

1. Applicable law and sanctions

1.1 Confidentiality obligation

You have the obligation to maintain the confidentiality of any confidential information received (either related to the Company or to a third party) and it is strictly forbidden to use or disclose such information without prior authorization.

The company (or other entities) can take action against you in case you infringe the confidentiality obligation, including by taking any steps in order to get a court order to prevent the disclosure of any confidential information or by claiming damages for any losses suffered.

1.2 Regulation infringements by failing to adequately use the privileged information

The act of transacting any securities whose prices could be significantly affected by the sensitive price information which was not made public, known by a person and which the latter is aware of being inside information from an inside source represents a crime. This phenomenon is known as "abuse of inside information".

The actions indicated below also represent infringements:

- (i) To disclose inside information, other than that necessary for the proper development of the work or office operations;
- (ii) To encourage other persons to make transactions when you are in the possession of inside information.

Inside information is that information regarding the Company or its activities, investments or participations, of a precise nature, which was not made public and which if disclosed, would significantly influence the price or value of any security (concretely, not only the price of the Company's shares, but also other securities to which the information refers – for instance shares of the companies included in the Company's portfolio in which it made investments or in which it intends to make an investment, its competition etc - as well as transactions with instruments derived from such securities).

“Market abuse” represents a separate infringement which overlaps to a certain extent with the abuse of inside information. This also covers a wider range of actions performed with the purpose to mislead the capital markets or to distort in any way their adequate operation, but such infringements are related to the dissemination of erroneous information, while this summary refers to the inadequate use of the Company's inside information. “Inside” infringements are the result of the following types of conduct:

- Making transactions or attempting to make transactions based on inside information.
- Disclosing inside information, other than that necessary for the proper development of the assigned tasks, work or professional operations.
- Requesting or encouraging other persons/entities to be involved in such conduct.

1.3. Sanctions

Any person found guilty of abuse of inside information or market abuse can be sanctioned with:

- imprisonment;
- a substantial fine;
- freezing of all its assets or other court orders aimed at preventing/remedying the illicit conduct;
- forbidding or restricting the future professional activity of the respective person.

Abusive conduct can also affect the Company's interests, resulting in the Company's claiming damages to the person who committed such an abuse.

1.4. Procedures applicable during the periods when the activity of Fondul Proprietatea is discontinued

Start

As sole administrator of the Company, the Romanian branch of Franklin Templeton Investment Management Limited London, hereinafter referred to as FTIML will notify you about the start of any period when our activity will be discontinued. Such interruptions will occur regularly during the period prior to the publication of the annual and interim results of the Company, although they may also occur before other announcements with significant effects on the price.

Purpose

The purpose of this blackout period is to eliminate any existing risk or risk perceived as such by the investors that a person working for Fondul Proprietatea should abuse from any inside information during the period between collating the interim/ annual results and communicating the same to the relevant Stock Exchanges. Generally, the annual results shall be published in May and the interim results in August. Thus, if a key event occurred which can affect the value of the Company's shares, but which could not be made public immediately, a blackout period is required until it is possible to disclose such information.

Control procedure

The Legal Department of FTIML shall notify all persons working for Fondul Proprietatea in relation to the start of a blackout period, also informing them that they are forbidden to make any transactions with the shares of Fondul Proprietatea (or any associated derivative instruments) until the respective non-public information has been sent to the relevant Stock Exchanges. After publishing the information, the Legal Department of FTIML shall notify all persons involved about the end of the blackout period.

Please also consult section 4 below regarding any restrictions related to transactions involving Company shares by the members of the Board of Nominees (including outside the blackout period).

Under extremely rare circumstances the performance of transactions during a blackout period would be possible, on condition that the necessary authorization described under section 4 is obtained.

2. The obligation to keep a list of all the persons that have access to inside information
The Company shall maintain a permanent list of the persons known to have inside information about the same, indicating the details of the relevant information and the period during which the person in case received the same. This list shall also include the members of the Board of Nominees, as well as certain persons employed by FTIML involved in the Company operations and third party suppliers of the Company which can come in contact with sensitive information before it is made public (for instance, the persons that print the annual reports and can see the editing versions of the same).

Any person included on the list of such persons that have inside information has the following obligations:

- To inform FTIML in advance when proposing the disclosure of inside information about Fondul to any person for the first time. It is important to comply with the communication requirements indicated under section 3 below. If you have any doubts about the necessity of any communication please discuss the matter with the Legal Department of FTIML. If you want to propose any communication outside the Company, the prior agreement of FTIML shall be obtained;
- To inform the Legal Department of FTIML about the date when the communication of the inside information to another person is to be made; and
- To inform the Legal Department of FTIML about any changes of your personal information (for instance, name, personal address, office where you perform your activity).

If the person to whom the inside information is to be communicated under the provisions of point (a) or (b) is a member of the Board of Nominees or FTIML employee, you shall have to indicate to the Legal Department of FTIML only the name of such person. Otherwise, you shall have to supply to the Legal Department of FTIML the name of respective person, the name and address of the company where he/she works, as well as phone number.

3. Communication related requirements

Inside information shall be communicated only on a "need to know" basis. Any incidental access to inside information shall be eliminated to the extent possible. In order to restrict the access to inside information, please make sure that all inside information is safely stored and if communicated by electronic means, it shall be delivered in a secured environment in order to avoid neglectful disclosure.

In case you suspect that you inadequately disseminated confidential / inside information, you will have to immediately report this to the Legal Department of FTIML.

4. Procedure used for making and reporting personal transactions with the Company's shares

The members of the Board of Nominees shall notify the Legal Department of FTIML in writing (by letter, fax or e-mail) if they want to acquire or use the shares of Fondul Proprietatea (even outside a blackout period) or to make transactions with derived instruments assimilated to the respective shares. Upon receiving such a notification, the Legal Department of FTIML shall reply promptly in writing, indicating whether the transaction is or not proposed to be made during the period when you have access to inside information. Any transaction made without such a notification shall be carried out on one's own responsibility and it is likely to be interpreted as an abuse of inside information and sanctioned as such by the Romanian institutions. Generally, any transaction made during a blackout period is suspected to represent an abuse of inside information.

Once the reply to the notification is received, the transaction shall be made in compliance with all legal provisions on such notifications.

I hereby state that I have completely understood the requirements I have to comply with.

The Management Agreement signed on 25 February 2010 between SC Fondul Proprietatea SA and Franklin Templeton Investment Management Limited United Kingdom, as was modified through the Addendum number 1, will be modified as follows:

After Annex 1 the Parties agree to introduce a new annex, Annex 2, with the following content:

“Annex 2

TERM SHEET FOR MANAGEMENT FEE CHANGES

Where Excess Distributions (as defined further below) are made by the Customer to all Shareholders (or offered to Shareholders generally) (but only to the extent such Excess Distributions are made or irrevocably declared) whether by way of purchases of own shares for the purpose of cancellation, special dividends or other distributions, an additional management fee will be payable by the Customer to the Fund Manager as set out below.

Special dividends are dividends paid by the Customer in excess of annual net profits, excluding pre-tax gains on disposal of equity investments, less amounts allocated to Legal Reserves, as per the approved audited financial statements prepared in accordance with Romanian Accounting Regulations (namely CNVM Regulation 4/2011, as subsequently amended and completed).

Any purchase of own shares for the purpose of cancellation and any distributions of other assets to Shareholders generally will also be considered Excess Distributions (but not distributions by a liquidator/administrator -or the equivalent- on a winding up).

The additional management fee (exclusive of any VAT, where applicable), will be payable by the Customer to the Fund Manager in respect of any Excess Distribution in cash in an amount equivalent to a fixed percentage of the value of the Excess Distribution as follows:

For Excess Distributions that are executed before 31 December 2012

1.5% of the Excess Distribution

For Excess Distributions that are executed in calendar year 2013
1.5% of the Excess Distribution

For Excess that are executed after calendar year 2013 and before termination of the IMA
1.0% of the Excess Distribution

For clarification purposes, the Excess Distributions used in the computation of the above-mentioned additional fees will be defined as follow:

- For special dividends, Excess Distribution(s) will represent the gross special dividends (as defined above) distributed to Shareholders;
- For purchases of own shares, Excess Distribution(s) will represent the acquisition price of the own shares purchased (excluding any brokerage fees payable by the Customer in relation to these purchases);
- For share capital decreases using reductions in nominal value of shares, the aggregate amount distributed to Shareholders (gross of any applicable taxes);
- For other distributions of assets (such as securities and other non-cash assets), Excess Distribution(s) will represent the value of those assets. Where the assets are listed securities, the value shall be based on the closing price of these securities quoted by the relevant exchange at the ex-rights date (i.e. the first date when a person acquiring the Customer's shares will no longer be eligible to receive the distribution). For all other assets, the value of the asset shall be determined by an independent valuation expert and approved by Shareholders.

The Excess Distribution(s) are deemed to have been made at the following times:

- For special dividends, at ex-dividend date;
- For a purchase of own shares, the date when the purchase transactions are settled;
- For share capital decrease using reductions in nominal value of shares, when such distributions become available to Shareholders;
- For other distributions, at the ex-rights date.

These additional fees will be paid by the Customer in addition to the fees defined in the Annex 1 to the Management Agreement.

Such additional fees will be payable by the Customer within 30 business days of receipt of a valid invoice from the Fund Manager. The Fund Manager will issue the invoice no later than 20 business days following the end of the quarter in which the relevant Excess Distributions are executed. The value of Fund Manager's invoice must be certified by the Customer's Depository before it is formally submitted to the Customer."

The other clauses of the Management Agreement signed on 25 February 2010 between SC Fondul Proprietatea SA and Franklin Templeton Investment Management Limited United Kingdom, as was modified through the Addendum number 1 are unchanged.
