INVESTMENT POLICY STATEMENT OF FONDUL PROPRIETATEA SA

- in force as of July 23, 2020 -

I. PURPOSE OF THE INVESTMENT POLICY STATEMENT

This investment policy statement (hereinafter referred to as the “**Investment Policy Statement**” or “**IPS**”) sets the prudential rules concerning the investment policy of Fondul Proprietatea S.A. (hereinafter referred to as “**Fondul Proprietatea**” or “**FP**”) and presents the investment goals, objectives and the decision-making process for selecting investments in accordance with the investment objectives.

The IPS provides criteria against which investment results will be measured and serves as a review document to monitor, evaluate and compare the performance of the Alternative Investment Fund Manager (“**Fund Manager**”) on a regular basis.

The IPS shall be reviewed when needed by the Fund Manager together with the Board of Nominees, in accordance with the provisions of FP’s Constitutive Act and the applicable legal provisions.

The IPS is set forth within the legal framework established by Law no. 243/2019 regulating the alternative investment funds and amending and supplementing certain normative acts, and, in accordance with FP’s Constitutive Act, the Extraordinary General Shareholders’ Meeting is responsible for approval of the IPS.

II. ROLES, RESPONSIBILITIES AND PROCEDURES

A. Fund Manager. The Fund Manager is appointed by the General Shareholders Meeting and performs its activity based on a Management Agreement entered into between Fondul Proprietatea and the Fund Manager (hereinafter referred to as the “**MA**”).

The Fund Manager has the power to make all decisions concerning the investments to be made by Fondul Proprietatea, in accordance with the restrictions provided in this IPS, the Constitutive Act of Fondul Proprietatea, the MA and applicable laws and regulations.

B. Board of Nominees. The Board of Nominees monitors the activity of the Fund Manager and represents the shareholders in relation to the Fund Manager. The exact roles and responsibilities of the Board of Nominees are detailed in the Constitutive Act of Fondul Proprietatea.

C. General Shareholders Meeting. The General Shareholders Meeting is the supreme corporate body of Fondul Proprietatea. Certain transactions performed by Fondul Proprietatea require the prior approval of the General Shareholders Meeting, in accordance with the Constitutive Act and the applicable legislation.

III. INVESTMENT OBJECTIVES AND PERFORMANCE OBJECTIVES

A. Investment objective

FP's investment objective is the maximization of returns to shareholders and the increase of the net asset value per share via investments mainly in Romanian equities and equity-linked securities.

B. Performance Objectives

a. Discount Objective

The discount between the closing price for each Trading Day on the Bucharest Stock Exchange (the "**Trading Day**") of the shares issued by FP and the latest reported NAV per Share should be equal to or lower than 15% in at least two thirds of the Trading Days during the Reporting Period (as defined in the MA) (the "**Discount Objective**").

b. NAV Objective

The Fund Manager should achieve a level of Adjusted NAV per Share (as defined below) higher than the reported NAV as at the end of the previous Reporting Period (term used herein as defined in the MA) (the "**NAV Objective**"). For the avoidance of doubt, the term "*previous Reporting Period*", when applied to a first Reporting Period under the MA, is to be understood as being the last Reporting Period derived from either the current or the previous MA.

The adjusted NAV (the "**Adjusted NAV**") for a given date will be calculated as the sum of:

- (i) the reported NAV as at the end of the Reporting Period;
- (ii) any distributions to shareholders, being either dividend or non-dividend ones (i.e. in this last case following reductions of the par value of the shares and distribution to the shareholders of the decreasing amount), implemented after the end of the previous Reporting Period; and
- (iii) any Distribution Fee (as defined in the MA) and any transaction and/or distribution costs relating to either dividend or non-dividend distributions including buy-backs of shares and/or Global Depositary Receipts ("**GDRs**") and/or depositary interests executed, through daily acquisitions or public tenders, after the end of the previous Reporting Period.

The Adjusted NAV per Share will be equal to the Adjusted NAV divided by the total number of the Fund's paid shares, less treasury shares (FP ordinary shares bought back) and less equivalent in FP ordinary shares of FP GDRs acquired and not yet converted into FP ordinary shares, on the last day of the Reporting Period (the "Adjusted NAV per Share").

C. General principles for achieving the objectives

The Board of Nominees and the General Shareholders Meeting will review the performance of the Fund Manager, on an annual basis, for the period of time established as the Reporting Period (as defined and further detailed in the MA).

A Discount Control Mechanism ("DCM") will be applied by the Fund Manager, as set out below, in order to seek to meet the Discount Objective.

In the absence of investment opportunities offering better returns for shareholders, or if the discount to NAV per share is wider than 15% for more than 50% of the Trading Days in any 3 month financial quarter, the Fund Manager will use all or a significant part of the proceeds from annual dividends, additional special cash distributions performed by portfolio companies and the cash inflows from the disposal of portfolio companies to implement measures aimed at maximizing cash returns to shareholders and fulfilling the Performance Objectives. Discount management techniques to meet the Performance Objectives and apply the DCM may include (but are not limited to) the following:

- recommendation of buy-back programs of FP's shares and GDRs and/or depositary interests corresponding to shares of the Fund to shareholders for approval, subject to compliance with the Constitutive Act and all applicable legislation;
- dividend distributions, subject to the Annual Cash Distribution Policy of the Fund;
- reduction of the nominal value of shares, accompanied by cash distribution to shareholders, subject to the compliance with all applicable corporate and regulatory approvals;
- execution of buy-back programs via (i) trading on the regular market on which FP's shares or GDRs and/or depositary interests corresponding to shares of the Fund are listed; and/or (ii) public tender offers, in each case subject to available liquidity, compliance with the Constitutive Act and all applicable legislation, and receipt of all necessary regulatory approvals;
- increasing investor demand for the shares and GDRs, with the aim of increasing the market price, by:
 - maintaining a Annual Cash Distribution Policy of the Fund;
 - increasing the share of listed companies in the portfolio and their transparency;

- building good communication through active investor relations work; and
- supporting initiatives to make the Romanian capital market more attractive for investors.

In order to achieve the objectives in the IPS, the Fund Manager should pay attention to:

- clarity of the Fund Manager's investment strategy and how it contributes to achieving the main investment objectives;
- active engagement with the portfolio companies in order to increase their value, and
- constructive communication and interaction with the Board of Nominees.

D. Risk management
