Re.: Election of the members of the Board of Nominees at the General Assembly of
20.11.2025

Dear fellow Shareholders,

My name is Cristian Mocanu; I am 42 years old and live in Bucharest since 2002. I have been a shareholder of the Fund since 2021. Currently I hold 430.000 FP shares.

I would like to point out that my connections with the capital market in Romania are older and more significant. During the 17 years since I have been a lawyer at the Bucharest Bar, I have had the opportunity to work in the field of the capital market from many perspectives: consultant for issuers and investors, lawyer in litigations regarding shareholders' rights and even defender of some persons and entities accused of actions contrary to free market mechanisms (market manipulation, insider trading).

Starting with January 2024 I have been elected as independent non-executive member of the Board of Directors of Electrica SA and Chairperson of the Strategy and Corporate Governance Committee.

Regarding the candidacy for the membership of the Board of Nominees of Fondul Proprietatea, I believe that this company is at an important moment in its existence, marked by the change of the fund manager and the need for an update investment policy tailored upon the new structure of the Fund's portfolio.

I believe that my professional expertise to date allows me to bring added value to this process and to the options that the Board of Nominees will have to present to shareholders at a subsequent meeting.

Furthermore, I believe that the positions of representatives of the shareholders should be held (also) by actual FP shareholders, as to enable the management of the Fund to gain a more comprehensive perspective on the future strategy of FP.

It is also my opinion that a strategic objective of the Fund should be the active embracement of its status as an Alternative Investment Fund intended for Retail Investors (FIAIR). To this end, an intermediate purpose that should be sought is having the Fund listed within the newly created BVB index BET – EF (the index designed for the most performant companies within the utilities and finance sectors).

To achieve such a result, I believe that the policy of the Fund in the coming period should be focused on the following directions (which I am ready to assume as personal responsibilities from the position of a future member of the Board of Nominees):

- adopting a much firmer position within the companies in which the Fund is a minority shareholder alongside institutions or public authorities, at least in the following directions: (a) improving corporate governance; (b) reducing losses and especially unreasonable expenses dictated by the political factor; (c) attracting public and

European funds for sustainable development (with a special look at the funds available for air, maritime and river transport sectors within the PNRR);

- assuming a role as a private equity investor in local or regional businesses with solid history and scaling potential (businesses in fields such as agriculture, private health services, tourism or agri-food industry).

I am confident that my experience as a lawyer can turn out useful for the FP shareholders in the many future discussions (either within the Board of Nominees or at the GMS) in connection with the various investments or operations that the Fund will have to consider in the process of increasing benefits and added value for the investors.

I am willing to use my time resources and accumulated expertise to work together with the members of the Board of Nominees, and the Fund Manager and navigate the legal risks that FP's future activity will bring.

I hope you will grant me such opportunity.

Thank you!

Cristian Mocanu

To: The Shareholders of Fondul Proprietatea S.A.

Subject: Candidacy for the Board of Nominees (BON)

Dear Shareholders,

I address you as an individual shareholder with a significant holding and long-term commitment to Fondul Proprietatea since July 2010, with the respectful intention of requesting your vote in the General Shareholders Meeting of Fondul Proprietatea, to actively contribute as a member of the BON.

This commitment and exposure gives me a direct perspective on the interests of large shareholders as well as of the thousands of retail investors, motivating me to ensure balanced and strategic representation.

My professional experience of over 20 years includes corporate management roles, including at international level, in a highly regulated industry, with a focus on corporate affairs and government relations. In this capacity, I coordinated complex relationships with authorities and stakeholders, managed public policy and strategic communication and developed advocacy and negotiation skills directly applicable to the representation of FP shareholders.

I have been active on the Romanian capital market as an investor since April 2004, and I first purchased shares in Fondul Proprietatea in July 2010. I have built and managed a diversified investment portfolio, delivering strong compounded returns. I am also a media contributor promoting financial literacy and an advocate of investor-community engagement, supporting collaboration, education and best practices in the Romanian capital market. I have delivered

financial literacy workshops and investment education sessions in collaboration with the Bucharest Stock Exchange.

As a member of the BON, I intend to pursue the following program:

- **Represent individual shareholders responsibly and facilitate constructive dialogue between management and shareholders.**
- **Support strategies that increase the net asset value per share (NAV) and the market price of the shares, including the continuation of share buybacks and dividends as effective methods of rewarding shareholders in the long term.**
- **Act as a bridge of communication between retail and institutional investors, ensuring that the interest of both individual and institutional shareholders is aligned and strategically represented.**
- **Promote sound governance, enhanced transparency and the implementation of modern investor relations and communication programs.**
- **Support the alignment of the manager's remuneration with performance, based on a well-defined set of KPIs and in line with international best practices, to strengthen accountability and trust in the Fund's management.**

I believe that this combination of corporate experience, capital market expertise, and community engagement positions me as an effective and credible member of the BON.

I fully understand the fiduciary responsibility associated with this role and assume both the duty of loyalty and the duty of care towards all shareholders. I am committed to implementing strong governance principles and maximizing the value of the Fund for all investors.

Thank you for your attention and consideration and I look forward to contributing to the development of Fondul Proprietatea.

Best regards, **Armand Tănase**

Summary

Motto: "Questions you cannot answer are far more valuable than answers you cannot question." – Harari

Beyond my corporate career, I have been an active investor on the Romanian capital markets since 2004, with a significant personal portfolio and continuous engagement in dialogue with listed companies to maximize shareholder value. With over two decades of experience both as a business professional and as an active investor, I understand fiduciary responsibility from the shareholder's perspective, prioritizing governance, transparency, and long-term value creation.

I am an expert in corporate affairs and communications, government relations, and business intelligence, with more than 20 years of experience in highly regulated industries. I lead global projects from the company's headquarters, bringing an international perspective and the ability to navigate complex legislative environments.

Through my corporate activity as well as my involvement in boards and associations, I have exercised fiduciary duties by representing collective interests, safeguarding resources, and balancing diverse stakeholder priorities.

I believe it is more valuable to move forward together, even if sometimes more slow – collaboration and sustainable impact define my work. Colleagues describe me as responsible, logical, and highly organized, with the ability to manage multiple projects simultaneously and to negotiate effectively by understanding diverse motivators. Adaptable and persuasive, I value structure, clarity, and efficiency, creating win-win outcomes for all parties involved.

Action and logic guide me. Recognition of effort, fair competition, and challenges motivate me to perform. I act with empathy, am self-reliant, and enjoy both leading teams and working in an entrepreneurial style.
